Tel: Heysham 1 Reception +44 (0)1524 853131

Tel: Heysham 2 Reception +44 (0)1524 863863

By Car

Heysham offices are located south of Morecambe, off the M6.

From the North

Pick up the A6 to Lancaster and Morecambe at the roundabout for Junction 35 (Carnforth). After three miles, turn right, off the A6, at traffic lights in the direction of Morecambe and Heysham. Stay on this road and follow the signs to Heysham port. Alternatively:

At Junction 34 of the M6, turn left onto the A683, then turn right onto the A6. From the A6, bear left onto the A589, then left again back onto the A683. Follow the signposts for Heysham 1 and 2 power stations

From the South

At Junction 34 of the M6, follow the signs to Lancaster, and, on arriving at the city's outskirts, follow the one-way system to Morecambe and Heysham. After two miles, bear left at the roundabout for Lancaster and Morecambe College (turning is signposted for Heysham Port). Stay on the road over the first roundabout, and drive straight over the second to Heysham power station.

By Train

Trains run into Lancaster, from where a taxi can be taken to Heysham. There is also a connection from Lancaster to Morecambe, however this also requires a taxi ride to get to Heysham. During the summer, there is an occasional rail service from Lancaster to Heysham Port, which is a ten-minute walk from Heysham power stations.

By Bus

No buses run within a reasonable walking distance of Heysham.
